1. Context

This Relationships Education Policy must be read in conjunction with our PSHCE Policy.

1.1 Relationships Education in our school

We believe Relationships Education is learning about emotional, social and physical aspects of our lives, about ourselves and our relationships. It enables pupils to develop essential life skills for building and maintaining positive, enjoyable, respectful and non-exploitative relationships. It equips pupils with information and skills they need to understand about themselves, their peers and people they meet in the wider community. It explores risks, choices, rights, responsibilities and attitudes. It will help pupils to develop skills to keep themselves and others safer, physically and emotionally, both on and off line. Relationships Education enables pupils to explore their own attitudes and those of others respectfully.

Relationships Education makes a major contribution to fulfilling our school's vision statement which is Together we are Caring, Confident and Creative learners.

1.2 Context of Wider PSHCE

We deliver Relationships Education as part of our wider provision of Personal, Social, Health and Citizenship Education (PSHCE), which also includes statutory Health Education.

The aims of Relationships Education are further supported by interventions, extracurricular and enrichment activities we provide. For example, developing as a Healthy School, social skills interventions, Anti-bullying week, Emotional Literacy Support Assistant work.

1.3 Intent of Our Relationships Education Curriculum

Through the delivery of Relationships Education we intend to further our school's aims of providing a curriculum which is relevant to the needs of pupils, both now and in the future. It will enable pupils to develop knowledge, skills and attitudes which enhance their personal development and wellbeing. This will have a direct, positive effect on their progress and achievement in school.

All adults in school will work towards achieving these aims for Relationships Education. We seek to enable our children to:

- develop interpersonal and communication skills
- develop positive, personal values and a moral framework that will guide their decisions and behaviour
- respect themselves and others, their views, backgrounds, cultures and experiences
- develop respectful, caring relationships based on mutuality, reciprocity and trust
- develop their ability to keep themselves and others safe, physically and emotionally, both on and off line
- develop their understanding of a variety of families and how families are central to the wellbeing of children
- recognise and avoid coercive and exploitative relationships
- explore relationships in ways appropriate to their age and stage of development
- value, care for and respect their bodies

- build confidence in accessing additional advice and support for themselves and others.

2. Implementing Our Policy

2.1 Inclusion

In relation to those with special educational needs or disability, we ensure our Relationships Education programme provides for those with additional needs. We recognise that those with SEND are often more vulnerable to sexual harassment and abuse and that we need to ensure that children are supported to develop appropriate strategies and attitudes to keep themselves safer. We consider:

- their level of vulnerability to coercion and pressure
- their previous experience of negative behaviours in peer or child-adult relationships
- their need to learn and demonstrate appropriate behaviour
- their need to develop self-esteem and positive body image
- the need to involve all staff, including ancillary staff and parents/carers, in policy development, planning and training
- the management of personal care
- clarity about sources of support for pupils.

2.2 Equality

The Equality Act 2010 has special resonance in Relationships Education. Through this area of learning we seek to develop key interpersonal skills such as respect and empathy which enable pupils to understand the rights and responsibilities we all have towards one another. We strive to ensure that every child feels valued and represented in our school as a whole and specifically through our Relationships Education provision.

Under the provisions of the Equality Act, schools must not unlawfully discriminate against pupils because of their age, sex, race, disability, religion or belief, gender reassignment, pregnancy or maternity, marriage or civil partnership¹, or sexual orientation (collectively known as the protected characteristics).

We will ensure that our provision of Relationships Education is not only equally accessible and inclusive for all pupils with protected characteristics, or who have family members with protected characteristics, but also that it reduces discrimination, advances equality of opportunity and encourages good relations between different groups.

In order to ensure that Relationships Education meets the needs of all:

- We will reflect a range of lifestyles and family structures so that all children see themselves and their families reflected back in the lessons.
- We will ensure that the law in relation to, for example, equality, marriage, online behaviours, sexuality, discrimination and violence are explained in age appropriate ways.
- Where there are different cultural or religious views about families, relationships or behaviours, we will share these to ensure children see their family views represented.
- We will not seek to gain consensus, but will accept and celebrate difference, and enable children to develop skills to do the same.
- We will, as appropriate, ensure that a variety of views and beliefs are reflected back to pupils.
- In order to build positive communication skills and empathy, we will teach in mixed-sex groups wherever possible. We will offer small single-sex groups where cultural or religious views make

children and their families feel uncomfortable in mixed-sex groups. Where teaching in single-sex groups is requested, the needs and wishes of non-binary children will be taken into account.

- We will encourage respect and discourage abusive and exploitative relationships.
- We will not ask children to represent the views of a particular religious or cultural group to their peers, unless they choose to do so.

We support children in developing their knowledge about and attitudes towards diversity throughout units of work including:

- Diversity and Communities
- Family and Friends
- Beginning and Belonging

2.3 Safeguarding

We understand the importance of high quality Relationships Education as we fulfil our statutory safeguarding duties. Relationship Education enables pupils to understand about mutual, consensual and reciprocated relationships in all their forms. Whether the children are learning about friendships, families, relationships in school or the wider community, they will be developing essential skills which underpin their ability to recognise abusive relationships. Teaching about 'Family and Friends' and 'Anti-bullying' enables us to fulfil our statutory duty to prevent 'peer-on-peer' abuse.

In the case of RSE and Personal Safety, we recognise that effective teaching may alert children to what is appropriate and inappropriate behaviour (including inappropriate sexual behaviour) and that there is an increased possibility that a disclosure relating to abuse may be made. RSE and Personal Safety enable us to fulfil our duty to prevent Female Genital Mutilation (FGM). *All staff are aware of the Safeguarding and Child Protection procedures and will report disclosures or concerns to the Designated Safeguarding Lead (DSL) immediately.*

Sexually Active Pupils: *There are extremely rare occasions where a primary-aged child, who is sexually active or contemplating sexual activity, approaches an adult. If this occurs in our school, it will be viewed as a child protection issue. The designated member of staff will follow Safeguarding Procedures and seek advice from the DSL.*

2.4 Development of the Policy

This policy has been developed in consultation with pupils, staff, governors and parents/carers. The consultation period followed the provision of information about the duties and statutory elements which have to be included in Relationships Education. It has also included gathering views on needs and priorities for the school community.

All views expressed by pupils, staff, governors and parents/carers about the policy have been considered. Consultation did not give a veto to individual members of the school community. The final decision on policy and delivery has been made by the school, having listened to the needs and views of the school community.

2.5 Consulting on our Policy

Parents/carers, pupils and other stakeholders have been given information about Relationships Education and associated duties in ways which are accessible to them. They have been asked for their views about

Date ratified:

Signed:

appropriate ages for particular topics, to share relevant views and beliefs and to consider the suitability of the school's aims for Relationships Education.

Some parents/carers and pupils have been consulted directly through surveys and have also been provided the opportunity to discuss as a focus group and through the governing body.

Further consultation with parents/carers and pupils will be carried out when the policy is reviewed, which happens at least every 3 years.

3. Involving the Whole School Community

3.1 Working with Staff

Teaching Relationships Education can be very rewarding, but we understand that, in order to feel confident, staff need opportunities to develop their own knowledge, skills and attitudes. We recognise that every adult has different personal beliefs and attitudes, but that all teachers must understand and comply with their duties connected with safeguarding, equality and inclusion.

Teachers have a duty to deliver statutory areas of the curriculum and all teachers will be supported to develop their skills in delivering non statutory areas such as sex education. We will discuss relevant issues and staff concerns and, where appropriate, arrange training to enable staff members to feel confident in delivering the various aspects of Relationships Education. We will also encourage the sharing of good practice. We may also use team teaching to develop confidence.

Those with special responsibility for the development of Relationships Education will be offered opportunities to consult with advisors and attend external training courses.

3.2 Engaging with Pupils

We will involve pupils in the evaluation and development of their Relationships Education in ways appropriate to their age. We will seek opportunities to discuss children's views about the content of their PSHCE lessons.

- *We will refer to local/countywide/national data e.g. Health Related Behaviour Survey for our school/district.*
- *We will engage the pupils in assessment activities to establish their development needs, for example 'Draw and Write' activities.*
- *We will encourage pupils to ask questions as they arise by providing anonymous question boxes.*
- *We will ask pupils to reflect on their learning and set goals for future learning.*
- *We will consult pupils (e.g. through School Council) about their perception of the strengths of our Relationships Education provision and the areas to be further developed.*

3.3 Working with Governors

This policy has been developed with governor involvement, so that the governors are able to fulfil their statutory duties.

It is the responsibility of the governors to ensure, through consultation, that the Relationships Education Policy reflects the needs and views of our community.

- The school will know whether visitors are DBS checked and arrangements will be made to accompany them as appropriate.
- All visitors will be made aware of the content and principles of this Policy, prior to their visit.
- All lessons will be planned in direct liaison with the PSHCE Co-ordinator/Class teacher, taking account of the age and needs of the group and the context of the work within the Relationships Education programme.
- Visitors will be reminded that, whilst contributing to Relationships Education in a classroom setting, they must adhere to the same confidentiality code as staff members. Class teaching must be seen as separate from health or other targeted interventions to support wellbeing.
- Any resources which a visitor wishes to use or distribute will be discussed and agreed with the PSHCE Co-ordinator/Class Teacher beforehand.
- The contributions of visitors will be regularly monitored and evaluated.

4. Curriculum Organisation

Our Relationships Education Curriculum (see appendix) is wholly consistent with the DfE statutory requirements for Relationships Education and Health Education (2020), National Curriculum (2014), other DfE and OfSTED guidance. It also reflects best practice described by the Sex Education Forum and PSHE Association. We consider Relationships Education to be a continuous process of learning, which begins before the children enter our school and continues into adulthood. We have planned a curriculum appropriate to each age group with a spiral of progression. All adults working with children have a part to play in supporting the delivery of Relationships Education.

Relationships Education is learning about:

- Families and People who care for me
- Caring Friendships
- Respectful relationships
- Online Relationships
- Being Safe

Our PSHCE topic structure does not separate delivery of Relationships Education from Health Education and wider PSHCE. We deliver topics which, taking the lead from children's lived experiences, consider related themes including development of knowledge, skills and attitudes in an integrated way. The topics where Relationships Education is a significant driver are:

- Anti-bullying
- Digital Lifestyles
- Diversity and Communities
- Family and Friends
- Managing Change
- My Emotions
- Personal Safety
- Relationships and Sex Education

Also: Working Together, Beginning and Belonging, Rights, Rules and Responsibilities

Relationships Education will be taught in:

TOGETHER we are CARING, CONFIDENT and CREATIVE learners

Professionals, such as school nurses and youth workers, are bound by their professional codes of conduct when offering advice and guidance to individual pupils. This often involves offering a greater level of confidentiality than school staff are able to give. However, in a classroom and other teaching situations, when they are contributing to our planned Relationships Education programme, they will follow the school's Confidentiality Policy. Health professionals will ensure that children are aware of the boundaries of confidentiality when beginning work with classes.

Answering Questions: We acknowledge that sensitive and complex issues will arise in Relationships Education, as pupils will naturally ask questions. When spontaneous discussion arises, it will be guided in a way which reflects the stated school aims and curriculum content. As a first principle, we will answer questions relating to the planned curriculum for that age group or below to the whole class. We will answer questions relating to areas beyond the planned curriculum for that age group, in a sensitive and age appropriate way, only to the pupil/s who have asked the question. Teacher may decide to inform families about questions which go beyond the planned curriculum, in order to further home/school partnerships. If a member of staff is uncertain about the answer to a question which goes beyond the curriculum, or indeed whether they wish to answer it, they will seek guidance from the PSHCE leader/Designated Safeguarding Lead. In some cases, the question will reach beyond the planned curriculum for Y6 and the question will not be answered in school. The child will be asked if they would like support to ask their questions at home or to another trusted adult.

When answering questions, we shall ensure that sharing personal information by adults, pupils or their families is discouraged. Where the question indicates the need for pastoral support, the conversation will be deferred to a time outside the teaching session and other colleagues may be involved. Where a question or comment from a pupil in the classroom indicates the possibility of abuse, coercion or exploitation, teachers will pass this information to the DSL in line with the school Safeguarding policy.

4.6 Assessment, Recording, Reporting

Relationships Education will be assessed in a variety of ways, including the use of self-assessment and teacher assessment. Guidance provided in the Cambridgeshire Primary PDP will be used.

From time to time the PSHCE leader will ask staff to reflect on the effectiveness of learning in particular units of work, using the RAG rating sheets in each unit.

We will also use a class record book to record whole class discussions and group work in PSHCE. In some cases, we will ask the children to record key learning activities in a PSHCE Book, which follows them through school, to show their development and progress.

5. Sex Education Policy

5.1 Definition of Sex Education

Following guidance from the DfE, we define Sex Education as learning about 'how a (human) baby is conceived and born'.

This extends the learning about sexual reproduction in 'some plants and animals' required through the Science national curriculum. It also complements the statutory requirement to teach about puberty as part

Great Wilbraham C of E Primary School

will discuss the request with parents/carers (and if appropriate with the child) to ensure that their wishes are understood and to clarify the nature and purpose of the curriculum. The educational, social and emotional benefits for the child of being part of the lessons will also be discussed. We will record the discussion and the outcomes.

We will consider compromise arrangements which will enable the child to receive Sex Education at school (e.g. same sex teacher, same sex teaching group).

We will offer support to parents/carers who wish to deliver Sex Education at home.

If a pupil is excused from Sex Education, we will ensure that the pupil receives appropriate, purposeful education during the period of withdrawal.

The parents/carers will be asked to reconfirm their decision to withdraw their children from Sex Education each time a Sex Education element is planned for their child.

6. Monitoring, Review and Evaluation

Monitoring, review and evaluation of the Policy is the responsibility of the PSHCE leader/head teacher. The governing body will ask for information relating to the effectiveness of the policy when it is monitored every year. Information will be gathered from the Head Teacher, the PSHCE Leader, parents/carers and pupils to inform judgements about effectiveness.

The policy will be comprehensively reviewed with engagement from members of the school community every three years, or sooner if an issue or incident occurs which warrants it.

Information gathered to inform the comprehensive review may include information about pupil progress and attainment, feedback from the teachers about the curriculum provision and staff confidence, views of parents/carers, parent/carer comments and concerns, level of parent/carer withdrawal from Sex Education.

7. Appendices

7.1 Our Relationships Education Curriculum

We follow the Cambridgeshire PSHE approved scheme of work for PSHE and RSE. The full curriculum overview is shown on the 7B RSE Curriculum with Framework references document from the PSHE service.

7.2 Sensitive Issues

a) Puberty

We will teach about puberty in Years 5 and 6, in accordance with our Curriculum for RSE. Younger children may be aware of puberty and we will answer their questions appropriately on an individual basis. We recognise the importance of ensuring that both boys and girls have a good understanding of puberty before they reach it. If a Year 4 child appears to have an advanced physical development, we will consider whether they too should be involved in lessons about puberty. This will always be done in consultation with parents. We may use single sex groups to address particular needs, such as girls' practical need for information about managing periods. We may work with groups of Year 5 and Year 6 pupils separately to ensure they receive appropriate information at these age groups.

We will ensure that sensitive arrangements are made for girls who have started menstruating. This includes the provision of sanitary disposal units and the discreet provision of 'emergency' sanitary protection. Staff will respond to such requests discreetly.

b) Sexual Identity and Sexual Orientation

We understand our responsibility to ensure that RSE meets the needs of all our pupils. Whatever their developing sexuality, children must feel that RSE is relevant to them and sensitive to their needs. We will not teach directly about sexual orientation, but acknowledge that many children will be aware of both heterosexual and homosexual relationships and may ask questions about these. We will answer these questions factually, in a general way, seeking to challenge prejudice. We will discuss different family arrangements, including same sex partners, when considering relationships. If we encounter examples of homophobic language or attitudes we will challenge these. Incidents of homophobic bullying will be dealt with according to our Anti-Bullying Policy which explicitly refers to homophobic bullying.

c) Other sensitive issues

We appreciate that this area of the curriculum is a sensitive one and sensitive issues such as contraception and abortion may arise in discussion. We will refer to guidelines for responding to these questions in '[6B Answering Children's RSE Questions in the Primary School](#)'. We will answer children's questions in general terms and will ensure that our answers reflect the responsible choices adults make in deciding when to have children. This will enable pupils to further understand the responsibilities of adult life. There are extremely rare occasions when an adult in a primary school may believe that a child's question derives from a child's own sexual activity or contemplation of sexual activity. In this case, the adult will consult immediately with the designated teacher for child protection, who will make sensitive arrangements, ensuring there has been discussion with the child and explanation of the Confidentiality Policy, to involve the child's parents and, if necessary, other professionals. Sexual activity under 13 is always a matter of Safeguarding and Child Protection.
